Sociology

Anthony Giddens's

Sociology, now in its fifth edition, offers an unrivalled introduction for students new to the subject – lucid, lively, authoritative and original. Written by one of the world's leading sociologists, this comprehensive textbook manages to be clear, accessible and jargon-free, but without

File Type PDF

Sociology

oversimplifying complex debates. Earlier editions of Sociology broke new ground by incorporating cutting-edge debates, such as the impact of globalisation, into an introductory text. This fifth edition remains a state of the art textbook, with fresh and engaging new material added throughout. While

File Type PDF

## Sociology

covering all of the core topics of sociology, the fifth edition also includes a great deal of substantive new material, ensuring that students are introduced to the most recent sociological debates. Throughout, the book weaves together classical and contemporary theory and data, and provides a

File Type PDF

Sociology

wide range of everyday examples to which students can easily

relate. The fifth edition also benefits from: ?

New discussions of global inequality, disability, ageing and the life course, risk, the network society, and terrorism, as well as many other additional and up-to-date topics. ?

Numerous learning aids

# File Type PDF

## Sociology

in every chapter, such as summary points, questions for further thought, and additional reading suggestions, which help to reinforce students' knowledge. ?

Lots of extra photographs, diagrams, case studies and cartoons, to bring ideas to life and fire students' imaginations. ?

High-quality

File Type PDF

Sociology

supplementary resources on a dedicated website, including a full instructors' manual and additional student aids, all specially designed to stimulate students' learning and critical thinking. The fifth edition of this classic textbook is an ideal teaching text for first-year university and college courses, and will

technologies are radically transforming our lives; quality pedagogical features, such as ‘Classic Studies’ and ‘Global Society’ boxes, and ‘Thinking Critically’ reflection points, as well as end-of-chapter activities inviting readers to engage with popular culture and original research articles

File Type PDF

## Sociology

to gather sociological insights. The ninth edition sets the standard for introductory sociology in a complex world. It is the ideal teaching text for first-year university and college courses, and will help to inspire a new generation of sociologists.

In this book Anthony

*Page 49/64*

File Type PDF

Sociology

Giddens addresses a range of issues concerning current developments in social theory, relating them to the prospects for sociology in the closing decades of the twentieth century. Composed of closely integrated papers, all written over the past few years, the book includes seven essays not previously

File Type PDF

## Sociology

published, plus two have not appeared in English before. In assessing the likely future evolution of sociology in particular, and the social sciences in general, the author both draws upon ideas established in his more abstract theoretical writings and examines critically competing traditions of thought.

File Type PDF

## Sociology

Those looking for an accessible introduction to Giddens's writing will find in this book a set of clear expositions of his basic ideas. By situating these ideas in relation to the critical assessment of the views of others, however, the author provides new sources of insight into the distinctiveness of his own claims.

# File Type PDF

## Sociology

### Anthony

### Giddens

Social life is in a constant process of change, and sociology can never stand still. As a result, sociology today is a theoretically diverse enterprise, covering a huge range of subjects and drawing on a broad array of research methods. Central to this

File Type PDF

## Sociology

endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies, though our understanding of these concepts necessarily evolves and changes.

This clear and jargon-free book introduces a careful selection of essential concepts that have helped to shape sociology and others

File Type PDF

Sociology

that continue to do so.

Going beyond brief,  
dictionary-style

definitions, Anthony

Giddens and Philip W.

Sutton provide an

extended discussion of

each concept which sets

it in historical and

theoretical context,

explores its main

meanings in use,

introduces relevant

criticisms, and points

File Type PDF

Sociology

readers to its ongoing development in contemporary research and theorizing.

Organized in ten thematic sections, the book offers a portrait of sociology through its essential concepts, ranging from capitalism, identity and deviance to globalization, the environment and intersectionality. It will

File Type PDF

Sociology

Anthony  
Giddens  
be essential reading for  
all those new to  
sociology as well as  
anyone seeking a  
reliable route map for a  
rapidly changing world.

Built upon a series of  
critical encounters with  
major figures in  
classical and present-  
day social and political  
thought, this volume  
offers not only a

File Type PDF

Sociology

challenging critique of major traditions of social and political analysis, but unique insights into the ideas which Giddens has developed over the past two decades.

A strong emphasis has been placed on creating a productive mixture of

File Type PDF

Sociology

Anthony and

contemporary readings  
which is highly readable

and lively, yet remains  
challenging. Whilst

particularly useful as a  
companion to the sixth  
edition of Giddens's

Sociology, the reader is  
designed for use

independently or  
alongside other

textbooks. The reader  
maintains the distinctive

File Type PDF

Sociology

approach which

Sociology pioneered:  
strongly comparative

and historically

informed, it stresses the  
influence of globalizing  
trends in social life. The

carefully selected

readings range from  
studies of face-to-face  
interaction through to  
the analysis of large-  
scale global systems,  
and cover sociological

File Type PDF

Sociology

theories of society as well as research methods. Amongst the new selections in this volume are readings on the Internet and virtual communities, the impact of ecological thinking and climate change on social science, offshoring and the future of work, global cities, patriarchy and shifting gender

File Type PDF

Sociology

relations, intersecting social inequalities, the idea and practice of restorative justice, new forms of cybercrime, war, terrorism and the prospects for a global cosmopolitan democracy. The readings are arranged in ten thematic sections and each section is preceded by a summary in order to facilitate

File Type PDF

Sociology

students?

comprehension and critical reflection. The result is an exciting new text that encompasses the major themes and debates in both classical and contemporary sociology. **Sociology: Introductory Readings** will be an essential resource for anyone who wishes to engage with the scope of sociological
