Information

Retrieval

~~Introduction to~~

~~Information Retrieval~~

~~Illustrated Edition ...~~

Information retrieval is the process through which a computer system can respond to a user's query for text-based information on a specific topic. IR was one of the first and

Download File

PDF Solution

remains one of the most important problems in the domain of natural language processing (NLP). Web search is the application of information retrieval techniques to the largest corpus of text anywhere — the web — and it is the context where many people interact with IR systems most frequently.

~~CS 276: Information  
Retrieval and Web  
Search~~

Information Retrieval,  
just as the name  
suggests is retrieval of  
information. What we  
basically do in this is  
refine the retrieval of  
information just so that  
we can satisfy an  
information need....
