## ~~Supervision—Skills for Care~~

The third edition of the bestselling Staff Supervision in Social Care extends understanding and application of the critical links between supervision, the quality of frontline practice and service user outcomes. Emphasis is placed on the role of emotional intelligence as crucial to both the quality of supervision and the quality of practice, while core material covers all the fundamentals of good supervision individually and in groups.

covering the fundamentals of good supervision, group supervision and the emotional impact of the work.

## ~~Staff Supervision in Social Care | Pavilion Publishing~~

Tony Morrison – Staff Supervision in Social Care (2001) ' At the heart of reflective practice is the idea that our actions should be informed by a knowledge base that we engage with actively, as opposed to forms of practice that are based on unthinking habits or routines or knee jerk reactions to situations. A reflective practitioner is someone who acts on the basis of understanding and a careful consideration of the situation being dealt with.

a supervisor, care staff can develop their understanding and improve their practice.

What is supervision? The primary functions of supervision are:

administrative case management; reflecting on and learning from practice; personal support; professional development; and mediation, in which the supervisor acts as a bridge between the individual staff member and the organisation they work for.

~~How supervision can help care workers improve their practice~~

**Shared Supervision** Shared supervision is a form of one-to-one supervision that allows teams to share responsibility for supervising individuals. Professional

**Supervision** Professional supervision is for professionally qualified workers in social services. Supervision Web Resources.
