Designed around the marketing strategy process with a clear emphasis on analysis, planning, and implementation, this text and casebook discusses the concepts and processes for gaining a competitive advantage in the marketplace. The new edition of Strategic Marketing uses a decision-making process to examine the key concepts and issues involved in analyzing and selecting strategies. Marketing strategy is considered from a total business perspective, examining marketing strategy beyond the traditional emphasis on marketing functions. The length and design of the book offer flexibility in the use of the text material and cases. New features and updated cases have made this text the most relevant text in the market today.

Marketing professionals need to be able to adapt new strategies in order to keep their companies relevant. Aaker walks them through the strategic challenges created by the dynamic nature of today's markets. Strategic Market Management, 10th Edition emphasizes a customer perspective and the fact that every strategy should have a value proposition that is meaningful to the customers. Sections are included on energizing the business and how to overcome the barriers that powerful organization silos create to inhibit cooperation and communication. Specific case studies delve into real world and engaging issues.

Strategic Marketing Management: The Framework outlines the essentials of marketing theory and offers a structured approach to identifying and solving marketing problems. This book presents a strategic framework to guide business decisions involving the development of new offerings and the management of existing products, services, and brands.

Strategic Market Management, helps managers identify, implement, prioritize, and adapt market-driven business strategies in dynamic markets. The text provides decision makers with concepts, methods, and procedures by which they can improve the quality of their strategic decision-making. The 11th Edition provides students in strategic marketing, policy, planning, and entrepreneurship courses with the critical knowledge and skills for successful market management, including strategic analysis, innovation, working across business units, and developing sustainable advantages.

The text is a European adaptation of our current US book: Strategic Market Management, 9th Edition by David Aaker. This new edition is a mainstream textsuitable for all business students studying strategy and marketingcourses. Strategic Market Management: Global Perspectives ismotivated by the strategic challenges created by the dynamic natureof markets. The premise is that all traditional strategicmanagement tools either do not apply or need to be adapted to amore dynamic context. The unique aspects of the book are its inclusion of: A business strategy definition that includes product/marketscope, value proposition, and assets and competences. A structured strategic analysis including a detailed customer,competitor, market, and environmental analysis leading tounderstanding of market dynamics that is supported by a summaryflow diagram, a set of agendas to help start the process, and a setof planning forms. Concepts of strategic commitment, opportunism, and adaptabilityand how they can and should be blended together. Bases of a value proposition and strong brands. A strategywithout a compelling value proposition will not be market driven orsuccessful. Brand assets that will support a business strategy needto be developed. Creating synergetic marketing with silo organisations definedby products or countries. All organisations have multiple productsand markets and creating cooperation and communication instead ofcompetition and isolation is becoming an imperative. A global perspective is an essential aspect of this new edition.This reflects the lived experience of the student reader but alsotheir likely professional challenges. This is achieved by theextensive use of new examples and vignettes.

Aiming to bridge the gap between theory and application, this work focuses on strategic management.
