Designed around the marketing strategy process with a clear emphasis on analysis, planning, and implementation, this text and casebook discusses the concepts and processes for gaining a competitive advantage in the marketplace. The new edition of Strategic Marketing uses a decision-making process to examine the key concepts and issues involved in analyzing and selecting strategies. Marketing strategy is considered from a total business perspective, examining marketing strategy beyond the traditional emphasis on marketing functions. The length and design of the book offer flexibility in the use of the text material and cases. New features and updated cases have made this text the most relevant text in the market today.

This text and casebook discusses the concepts and processes for gaining the competitive advantage in the marketplace. The authors examine many components of a market-driven strategy, including technology, customer service, customer relationships, pricing and the global economy.

The text is a European adaptation of our current US book:Strategic Market Management, 9th Edition by David Aaker. This new edition is a mainstream textsuitable for all business students studying strategy and marketingcourses. Strategic Market Management: Global Perspectives ismotivated by the strategic challenges created by the dynamic natureof markets. The premise is that all traditional strategicmanagement tools either do not apply or need to be adapted to amore dynamic context. The unique aspects of the book are its inclusion of: A business strategy definition that includes product/marketscope, value proposition, and assets and competences. A structured strategic analysis including a detailed customer,competitor, market, and environmental analysis leading tounderstanding of market dynamics that is supported by a summaryflow diagram, a set of agendas to help start the process, and a setof planning forms. Concepts of strategic commitment, opportunism, and adaptabilityand how they can and should be blended together. Bases of a value proposition and strong brands. A strategywithout a compelling value proposition will not be market driven orsuccessful. Brand assets that will support a business strategy needto be developed. Creating synergetic marketing with silo organisations definedby products or countries. All organisations have multiple productsand markets and creating cooperation and communication instead ofcompetition and isolation is becoming an imperative. A global perspective is an essential aspect of this new edition.This reflects the lived experience of the student reader but alsotheir likely professional challenges. This is achieved by theextensive use of new examples and vignettes.

The third edition of Market-Led Strategic Change builds on the massive success of the previous two editions, popular with lecturers and students alike, presenting an innovative approach to solving an old problem: making marketing happen! In his witty and direct style, Nigel Piercy has radically updated this seminal text, popular with managers, students, and lecturers alike, to take into account the most recent developments in the field. With a central focus on customer value and creative strategic thinking, he fully evaluates the impact of electronic business on marketing and sales strategy, and stresses the goal of totally integrated marketing to deliver superior customer value. "Reality Checks" throughout the text challenge the reader to be realistic and pragmatic. The book confronts the critical issues now faced in strategic marketing: · escalating customer demands driving the imperative for superior value · totally integrated marketing to deliver customer value · the profound impact of electronic business on customer relationships · managing processes like planning and budgeting to achieve effective implementation At once pragmatic, cutting-edge and thought-provoking, Market-Led Strategic Change is essential reading for all managers, students and lecturers seeking a definitive guide to the demands and challenges of strategic marketing in the 21st century.

This book is a unique collection of comprehensive cases that explore concepts and issues surrounding strategic marketing. Chapters explain what strategic marketing is, and then discuss strategic segmentation, competitive positioning, and strategies for growth, corporate branding, internal brand management, and corporate reputation management. With case studies from a broad range of global contexts and industries, including Burger King, FedEx, and Twitter, readers will gain a working knowledge of developing and applying market-driven strategy. Through case analysis, students will learn to: examine the role of corporate, business, and marketing strategy in strategic marketing; recognize the implications of markets on competitive space with an emphasis on competitive positioning and growth; interpret the various elements of marketing strategy and apply them to a particular real-world situation; apply sound decision-making strategies and analytical frameworks to specific strategic marketing problems and issues; apply ethical frameworks to strategic marketing situations. Strategic Marketing: Concepts and Cases is ideal for advanced undergraduate and postgraduate students, as well as those studying for an MBA or executive courses in strategic marketing or marketing management.

Strategic Marketing Planning concentrates on the critical planning aspects that are of vital importance to practitioners and students alike. It has a clear structure that offers a digest of the five principal dimensions of the strategic marketing planning process. Leading authors in this sector, Gilligan and Wilson offer current thinking in marketing and consider the changes it has undergone over the past few years. Updated information in this new edition includes: * Changing corporate perspectives on the role of strategic marketing activity * Changing social structures and the rise of social tribes * The significance of the new consumer and how the new consumer needs to be managed * New thinking on market segmentation * Changing routes to market * Developments in e-marketing * Changing environmental structures and pressures

Strategic Marketing: planning and control covers contemporary issues by exploring current developments in marketing theory and practice including the concept of a market-led orientation and a resource/asset-based approach to internal analysis and planning. The text provides a synthesis of key strategic marketing concepts in a concise and comprehensive way, and is tightly written to accommodate the reading time pressures on students. The material is highly exam focused and has been class tested and refined. Completely revised and updated, the second edition of Strategic Marketing: planning and control includes chapters on 'competitive intelligence', 'strategy formulation' and 'strategic implementation'. The final chapter, featuring mini case studies, has been thoroughly revised with new and up to date case material.

The overall success of an organization is dependent on how marketing is able to inform strategy and maintain an operational focus on market needs. With an array of examples and case studies from around the world, Lancaster and Massingham offer an alternative to the traditional American focused teaching materials currently available. Topics covered include: consumer and organizational buyer behaviour product and innovation strategies direct marketing e-marketing Designed and written for undergraduate, MBA and masters students in marketing management classes, The Essentials of Marketing Management builds on successful earlier editions to provide a solid foundation to understanding this core topic. An extensive companion website, featuring a vast and rich array of supporting materials, including extended cases and multiple choice questions is available at: <http://cw.routledge.com/textbooks/9780415553476/>
