Survivors' story concept was always powerful thought-provoking stuff. The TV series benefitted from some great casting and bleak visuals, and obviously you don't get these on the printed page, but it's still full of a wealth of details that hammer home Nation's thesis about how mankind would come in the aftermath of such an epidemic.

Survivors are thought to have some protective immunity to the type of Ebola that sickened them. It is not known if people who recover are immune for life or if they can later become infected with a different species of Ebola virus. Some survivors may have long-term complications, such as joint and vision problems.
