In a period which served as a precursor to the Wild West, the rebellious Weesatch Sixsmith rode into the Republic of Texas with his bounty hunting partner, and fellow ex-Dragon, Wendell Sykes. As they attempt to settle into the newly established territory, they discover that this is a land to which many other misfits and outlaws are drawn. With the help of a colorful host of characters, including a discrete Voodoo priestess, a sly card shark, and a half Irish Comanche chief with a penchant for show and tell, the bounty hunters hazard into second guessing a maniacal killer marauding his way towards the border. In a chaotic chain of events, the situation becomes tense and dire. Will they bring this ruthless roustabout to justice? And if so, will it be before he wreaks unfathomable havoc for those in his path?
