Across the realms of multimedia production, information design, web development, and usability, certain truisms are apparent. Like an Art of War for design, this slim volume contains guidance, inspiration, and reassurance for all those who labor with the user in mind. If you work on the web, in print, or in film or video, this book can help. If you know someone working on the creative arena, this makes a great gift. Funny, too.

A vast collection of identity projects broken down into three section: corporate identities, online identities and identity redesign projects. Corporate design projects are some of the most lucrative and highly sought after graphic design projects available. This section explores the important role graphic design plays as part of a strategy for big business success and offers designers business-smart information on how to land, work with and keep large corporate clients - no matter what the size of the design firm. up. Top designers share their processes in creating these corporate identities - from initial client meetings and planning, through logo and brand development, to a wide variety of identity applications - including the electronic realm. Text highlights the strengths of each project and how the graphic design process and approach made for business success as well as tips on the best ways to attract land and work with corporate clients (and garner return business), working with online companies seeking to create and sustain online brands or with established companies struggling to migrate already-known and trusted brands to the web. increasingly e-business. What makes an on-line brand strong? What are the potential pitfalls and untapped power sources for designers of online brands? How do you translate an existing brand to the world of the Internet? This section gets to the bottom of the secrets of brand design and explores the graphic techniques that help make on-line brands strong. By focusing on on-line identity and how it contributes to the success of the e-brand. Each case study is illustrated with the on-line logo, off-line logo (if applicable) and screen shots of the website. There may also be sketches or other materials illustrating the brand. signature. How do top firms redesign this graphic signature without losing ground? This section offers readers a state-of-the industry look at identity programs that modernize, reposition, define and spell renewed success. using before and after examples, false starts, sketches, processes and finished work from South Africa, Mexico, Hong Kong, England, Korea, Italy, Norway, China and the United States.

UX Design and Usability Mentor Book includes best practices and real-life examples in a broad range of topics like: UX design techniques Usability testing techniques such as eye-tracking User interface design guidelines Mobile UX design principles Prototyping Lean product development with agile vs. waterfall Use cases User profiling Personas Interaction design Information architecture Content writing Card sorting Mind-mapping Wireframes Automation tools Customer experience evaluation The book includes real-life experiences to help readers apply these best practices in their own organizations. UX Design and Usability Mentor Book is an extension of best-selling Business Analyst's Mentor Book. Thanks to the integrated business analysis and UX design methodology it presents, the book can be used as a guideline to create user interfaces that are both functional and usable.

Everything you need to know to look after yourself to bring about and maintain perfect health, prosperity, wealth, happiness, quality of life and longevity. It reveals that we are, without realising, not doing enough or the right things to protect our health and prosperity which is equally extremely damaging to nature, wildlife, oceans, sea-life, fresh springs, waterways and air, and us. The Book by Linde utilises new and ancient knowledge from around the world, over the millennia identifying what changes we need to make to enhance every aspect of our lives with simple solutions for almost every situation. It is your most powerful contribution to protecting, nurturing and saving our planet. In summary, THE BOOK Consists of Six Chapters which incorporates a summary within each one: Lifestyle; Food & Nutrition; Medical Care; Mind; Water; and Now Live the final chapter which you can cast your eye over first as it is a synopsis of the complete works. It is highly recommend to read from cover to cover but, it is packed with valuable information to just use as a Reference Manual on a day to day basis. Teaches you how to look after your body and mind to ultimately prevent illness, but also to help regain and maintain perfect health; Provides countless number of practical, realistic & simple tips to easily adopt into your day to day lifestyle improving quality of life, saving time & money and gaining longevity; Fuses together specialised areas in health & mind, lifestyle & environment under one cover; Identifies our day to day toxic exposures that we are unaware of and provides successful resolutions; Gives you complete fundamental knowledge and awareness, to use your courage to take responsibility for your life enhancing your health, prosperity and happiness; Provides you with ancient knowledge and practices to new, from science including quantum physics, to philosophy, psychology, and important detail on nutrition, exercise, energies and medicine; Is very current, answering all the conflicting hype about diets, the next super food or the bad effects of conventional drugs or sugar that are in the media weekly, even daily; For more information please visit www.thebookbook.co.uk
