However, especially for those who would like to overcome their racism, empathy is a powerful tool for change. Empathy takes us beyond the surface level. One of the reasons that empathy is effective in bringing about change is precisely because it takes us beyond the rational; it takes us to the embodiment of the struggle.

How relationships may be the best way to eradicate racism

Racism is always built upon socially fabricated values. Claudia ' s perplexity concerning the representation of beauty refers to that politics. This also is associated with Freud ' s idea of the unconscious treatment of words as real things (Freud, " The Unconscious " 147).

Abstract. The current debate over racial inequalities in health is arguably the most important venue for advancing both scientific and public understanding of race, racism, and human biological variation. In the United States and elsewhere, there are well-defined inequalities between racially defined groups for a range of biological outcomes-cardiovascular disease, diabetes, stroke, certain cancers, low birth weight, preterm delivery, and others.
