The Idea Of Property Its Attempts to capture the idea of property have encountered two fundamental problems. First, it has been notoriously difficult to advance beyond the observation that property involves 'ownership' of 'things', with the incidents of ownership and the list of things owned an essentially descriptive task.

Idea of Property: Its Meaning and Power - Oxford Scholarship

The Idea of Property Its Meaning and Power Laura S. Underkuffler. Examines the controversial issues of environmental controls, cultural property claims, control of personal data, rights to genetic information, sales of body parts; Clear, accessible theoretical analysis of what 'property law' means

The Idea of Property - Laura S. Underkuffler - Oxford ...

The goal of this book is to advance a new way to understand the idea of property, and what - in law - the power of claimed individual property rights should be. The book begins by describing the strain that exists between private property's protective ideals and the exigencies of modern governance.

The Idea of Property: Its Meaning and Power

property—which we call the idea of property and others refer to as the psychology of property.4 For example, if people view property in terms of preference satisfaction, self-seeking, or agenda-setting choice, then why a person chooses one course of action and not another with a given thing is a matter for the idea (or psychology) of property.

The Idea of Property: A Comparative Review of Recent ...

This book examines the central issue in property theory, as it intersects with law: what property is, as an idea, and the power that claimed individual property rights should have against competing public goals. Drawing upon areas as diverse as land use, the body as property, personal information as property, cultural property, and state ...

The Idea Of Property Its Meaning And Power Law [PDF]

idea of 'property' in land oscillates ambivalently between the behavioural, the conceptual and the obligational, between competing models of property as a fact , property as a right and property as a responsibility . (1) 'Property' as a fact Much of the genius of the common law derives from a rough-and-ready grasp of the empirical realities of ...

THE IDEA OF PROPERTY IN LAND

This book vindicates the commonsense idea that the right to property is a right to things. Distinguishing between the 'practice' of property and the 'practice' of contract is essential for a proper understanding, but failure to do so is common. As the book shows, it mars both John Locke's and Georg Hegel's philosophies of property, and continues to contribute to confusion.

Idea of Property in Law - Oxford Scholarship

James E. Penner ponders with much insight both the notion of property and its place in the legal system, and his musings prove fascinating. Penner proposes that the idea of property as a "bundle of rights"—including the right to possess, the right to use, the right to destroy, etc.—is deficient as a concept.

The Idea Of Property In Law: Amazon.co.uk: Penner, J. E. ...

The idea of property : its meaning and power. [Laura S Underkuffler] -- "In this book, Professor Underkuffler advances our understanding of what property is, as an idea, and the power that claimed property rights should have against competing public interests.

The idea of property : its meaning and power (Book, 2003 ...

Understood in this way, the first or primary idea of property according to natural law is that all property is held in common. This is what Aquinas says, because although individuals may naturally own property which they possess legitimately, in circumstances of necessity all private property

The Idea of Property - Land Value Tax

Intellectual property such as inventions, ideas, or words Other types of property, such as communal or government property, are legally owned by well-defined groups. These are typically deemed...

Property Rights Definition - investopedia.com

Concepts of property are used to describe the legal and ethical entitlements that particular people or groups have to use to manage particular resources. Beyond that most general definition of 'property' however, philosophical controversy reigns.

Property | Internet Encyclopedia of Philosophy

The common sense view that the right to property is 'the right to things' has long been regarded by lawyers and philosophers as impossible to sustain, given the broad range of property in the law and the reliance of philosophers on ideas of 'property' or 'ownership' to explain complex issues like privacy or civil rights like freedom of speech.

The idea of property in law (Book, 1997) | WorldCat.org]

Wealth is the abundance of valuable financial assets or physical possessions which can be converted into a form that can be used for transactions.This includes the core meaning as held in the originating old English word weal, which is from an Indo-European word stem. The modern concept of wealth is of significance in all areas of economics, and clearly so for growth economics and development ...
