This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Used by sites as varied as Twitter, GitHub, Disney, and Airbnb, Ruby on Rails is one of the most popular frameworks for developing web applications, but it can be challenging to learn and use. Whether you're new to web development or new only to Rails, Ruby on Rails™ Tutorial, Fourth Edition, is the solution. Best-selling author and leading Rails developer Michael Hartl teaches Rails by guiding you through the development of three example applications of increasing sophistication. The tutorial's examples focus on the general principles of web development needed for virtually any kind of website. The updates to this edition include full compatibility with Rails 5, a division of the largest chapters into more manageable units, and a huge number of new exercises interspersed in each chapter for maximum reinforcement of the material. This indispensable guide provides integrated tutorials not only for Rails, but also for the essential Ruby, HTML, CSS, and SQL skills you need when developing web applications. Hartl explains how each new technique solves a real-world problem, and then he demonstrates it with bite-sized code that's simple enough to understand, yet novel enough to be useful. Whatever your previous web development experience, this book will guide you to true Rails mastery. This book will help you Install and set up your Rails development environment, including pre-installed integrated development environment (IDE) in the cloud Go beyond generated code to truly understand how to build Rails applications from scratch Learn testing and test-driven development (TDD) Effectively use the Model-View-Controller (MVC)

pattern Structure applications using the REST architecture Build static pages and transform them into dynamic ones Master the Ruby programming skills all Rails developers need Create high-quality site layouts and data models Implement registration and authentication systems, including validation and secure passwords Update, display, and delete users Upload images in production using a cloud storage service Implement account activation and password reset, including sending email with Rails Add social features and microblogging, including an introduction to Ajax Record version changes with Git and create a secure remote repository at Bitbucket Deploy your applications early and often with Heroku

In *The Simple Living Guide* Janet Luhrs demonstrates how to live a deliberate, simpler life--and savor it. As Janet Luhrs says, "Simple living is about living deliberately. Simple living is not about austerity, or frugality, or income level. It's about being fully aware of why you are living your particular life, and knowing that life is one you have chosen thoughtfully. Simple living is about designing our lives to coincide with our ideals." Whether you are looking at small solutions for cutting down the stress in your life or taking the big leap toward the simpler life, this book can be your guide. Janet Luhrs, the nationally recognized founder and editor of the *Simple Living Journal*, brings together strategies, inspiration, resources, and real-life profiles of people who have slowed down, overcome obstacles, and created richer lives. Discover Simple Living approaches to: money, work, holidays, cooking and nutrition, health and exercise, clutter, gardening, travel, and more!

"If you can't find your rochet from your chimere, a tunicle from a maniple, or just love a good linguistic ramble, this is the place for you. If you are mildly mixed up on anamnesis, anaphora, and angelus, or you'd prefer a discussion of Sexagesima Sunday

Buy fewer (and better) things. Store like with like. Get rid of the plastic. Display--don't stash--your belongings. Let go of your inner perfectionist and remember that rooms are for living. These are a few of the central principles behind *Remodelista: The Organized Home*, the new book from the team behind the inspirational design site *Remodelista.com*. Whether you're a minimalist or someone who takes pleasure in her collections, we all yearn for an unencumbered life in a home that makes us happy. This compact tome shows us how, with more than 100 simple and stylish tips, each clearly presented and accompanied by full-color photographs that are sure to inspire. Readers will learn strategies for conquering their homes' problem zones (from the medicine cabinet to the bedroom closet) and organizing tricks and tools that can be deployed in every room (embrace trays; hunt for unused spaces overhead; decant everything). Interviews with experts, ranging from kindergarten teachers to hoteliers, offer even more ingenious ideas to steal. It all adds up to the ultimate home organizing manual.
