An eerie prophecy about fallen angels. Adam's race under threat. A privileged woman who must defend what it means to be truly human. It's been over five hundred years since Adam and Eve were exiled from the Garden of Eden and traditions about marriage are strict in their camp. When Baraqua, a scribe's daughter, isn't allowed to marry the man she loves, she secludes herself in a prayer cave, believing her life is over. But Baraqua's fate comes to the bride-dream of Jared, one of the clan's elders, requiring her by tradition to marry him. Unwilling to shame her family, Baraqua stands under the wedding canopy with Jared. But she is determined not to consummate their union so she can flee the mountain with her love, Shai. Then a terrifying prophecy is fulfilled when magnificent shining beings descend from the sky and begin to pursue Baraqua and other women in order to sire giant offspring and eliminate the human race. Only when the clan's survival is on the brink does Baraqua begin to understand the power of personal courage. Based on The First Book of Enoch and Genesis 6:1, The Seed Bearer's Bride brings a twist to a mysterious Bible passage. It will satisfy enthusiasts of biblical fiction and historical fantasy and make you think again about the astonishing world before Noah's flood.

With the rapid rate of forest clearance in many tropical countries becoming more serious, the importance of "silvicultural systems" to regenerate, tend, and harvest forests has increased. This book describes 20 systems enabling foresters, land managers, and ecologists to select and use those systems best suited to their needs.

For missionaries in the twenty-first century, change is necessary in order for them to continue to be strong and viable. "Growing Missionaries Biblically" takes a fresh look at Christian missions and proposes a comprehensive, biblical missionary training program for short- and long-term missions. Its objective is to produce an effective, cross-cultural ministry for Africa and, with some modifications, globally. The goal is to provide a postimperial, post-colonial model for training missionaries by looking to biblical guidance on the subject. Author Dr. R. Zarwulugbo Liberty is a native of Liberia, Africa, with biblical, theological, and practical insights for prospective and seasoned missionaries and their supporters. The information he provides can successfully launch and sustain these missionaries in the course of their mission work. In order to accomplish his goals, he proposes the use of bicultural missionaries. A bicultural missionary is one who has studied both his own culture and the culture of the people to be served. This missionary will not equate his or her culture with Christianity and will know and understand the practices of the culture he or she serves that can easily be incorporated and assimilated into Christianity. "Growing Missionaries Biblically" proposes a vital curriculum for missionary preparation for cross-cultural missionary service.

While given no reason young Saina was banished to the Sultan monastery. In a decade since, his only achievement—unknown to anyone—is his ability to enter the divine world of Goddessoma. One night in that world he is shown an unthinkable war raging in his homeland Satamabode. Meanwhile his dying father leaves him a sacred scroll for an equally sacred mission—halt the war ' s devastation and restore the Ten Abodes. It sounded good, but quickly Saina is stripped of the scroll by the ferines in the Garland Forest, shunned by his Sulatin masters in Prayadevale, and severed from his only ally in neighboring Ryadabode. He ' s not a warrior, not a leader—only a lone young monk, and no one believes can do it. He dare not say his only chance requires capturing aetheric powers hidden in the Body of the Goddess. Welcome to Goddessoma is one of the forceful and fascinating metaphysical fantasy novels in TM White ' s Goddess Trilogy.
