The Skin that We Speak is a collection

Get Free The Skin That We Speak Thoughts On

of essays by scholars about the struggle of language and culture in the classroom. They mainly address the issue of "Ebonics" and why it is looked down on as an "inferior" language. They talk about what we can do to change this negative outlook and why it's important. This book's pretty boring.

The Skin That We Speak by Lisa Delpit - Goodreads

Now in paperback, *The Skin That We Speak* takes the discussion of language in the classroom beyond the highly charged war of idioms and presents today's teachers with a thoughtful exploration of the varieties of English that we speak, in what *Black Issues Book Review* calls "an essential text."

The Skin That We Speak:

Amazon.co.uk: Wallach, Lori ...

In *The Skin That We Speak: Thoughts on Language and Culture in the Classroom*, Lisa Delpit and Joanne Kilgour Dowdy have compiled essays from a diverse group of scholars and educators who share a common belief about the potentially harmful power of language and language attitudes on children in the classroom. The authors seek to "explore the links between language and identity, between language and political hierarchy, and

speakers of "nonstandard" English — mostly varieties of African-American dialects, or Ebonics — view themselves, how schools have often perpetuated the educational inequities of African American and other children, and how educators can create the best ...

The Skin that We Speak: Thoughts on Language and Culture ...

Delpit states that our skin is the appearance of our contact with the rest of the world: "a means to negotiate our interactions . . . how we perceive our surroundings and [how others] perceive us" (p. xvii). The appearance and the looks we possess create expectations as to whether we are clever or not.
