David McCullough likes Harry Truman a bit too much. As a result he seldom takes a critical view of Truman's Presidency, politics or personal life. This is disappointing given that Harry Truman was the President at probably the key juncture of twentieth century - the end of War World II and the beginning of the Cold War. More time is spent describing the whistle-stop camp

A gargantuan but surprisingly agile and spellbinding biography of the plain-speaking, plain-dealing Man from Missouri. As depicted by McCullough (Brave Companions, 1991, etc.), Truman, though the first President of the nuclear era, was fundamentally a throwback to 19th-century midwestern ideals of honesty. Like the young Teddy Roosevelt in the author's Mornings on Horseback (1981), the pre ...

The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War, told by America's beloved and distinguished historian. The life of Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the twentieth centuries, Truman's story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman's own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary "man from Missouri" who was perhaps the most courageous president in our history.

In this riveting biography, David McCullough captures Harry S. Truman and the turbulent, historically significant times during which he served.

From "one of our most gifted living writers" (The Washington Post), this collection includes David McCullough's masterful biographies of three great presidents: John Adams, Harry S. Truman, and Theodore Roosevelt. Both John Adams and Truman won the Pulitzer Prize for biography. This boxed set will include the following three volumes: John Adams The Pulitzer Prize-winning, bestselling biography of America's founding father and second president that was the basis for the acclaimed HBO series, John Adams reads like an epic historical novel, breathing fresh life into the history of the American Revolution and the birth of the young republic. Truman The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War. Mornings on Horseback The National Book Award-winning biography that tells the story of how young Teddy Roosevelt transformed himself from a sickly boy into the vigorous man who would become a war hero and ultimately president of the United States.

The essays in this volume provide a wide-ranging overview of the intentions, achievements, and failures of the Truman administration.

Chronicles the life of America's second president, including his youth, his career as a Massachusetts farmer and lawyer, his marriage to Abigail, his rivalry with Thomas Jefferson, and his influence on the birth of the United States.

A special eBook boxed set from Pulitzer Prize-winning author David McCullough, featuring four books on American history. This e-book box set includes the following American History-themed books by David McCullough: · John Adams: The magisterial, Pulitzer Prize-winning biography of the independent, irascible Yankee patriot, one of our nation's founders and most important figures, who became our second president. · 1776: The riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence. · Truman: The Pulitzer Prize-winning biography of Harry Truman, the complex and courageous man who rose from modest origins to make momentous decisions as president, from dropping the atomic bomb to going to war in Korea. · Special Bonus: The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history's enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

In this collection, published for the first time, we follow Harry S. Truman and Dean Acheson, two giants of the post-World War II period, as they move from an official relationship to one of candor, humor, and personal expression. In these letters, spanning the years from when both were newly out of office until Acheson's death at age 78, we find them sharing the often surprising opinions, ideas, and feelings that the strictures of their offices had previously kept them from revealing. They felt a powerful need to keep in touch as they viewed with dismay what they considered to be the Eisenhower administration's fumbling of foreign affairs and the impact of Joseph McCarthy. After Kennedy won in 1960, they discussed Acheson's reluctant involvement in the Cuban missile crisis and the Allied position in Berlin--From publisher description.

From Alexander von Humboldt to Charles and Anne Lindbergh, these are stories of people of great vision and daring whose achievements continue to inspire us today, brilliantly told by master historian David McCullough. The bestselling author of Truman and John Adams, David McCullough has written profiles of exceptional men and women past and present who have not only shaped the course of history or changed how we see the world but whose stories express much that is timeless about the human condition. Here are Alexander von Humboldt, whose epic explorations of South America surpassed the Lewis and Clark expedition; Harriet Beecher Stowe, "the little woman who made the big war"; Frederic Remington; the extraordinary Louis Agassiz of Harvard; Charles and Anne Lindbergh, and their fellow long-distance pilots Antoine de Saint-Exupéry and Beryl Markham; Harry Caudill,

the Kentucky lawyer who awakened the nation to the tragedy of Appalachia; and David Plowden, a present-day photographer of vanishing America. Different as they are from each other, McCullough's subjects have in common a rare vitality and sense of purpose. These are brave companions: to each other, to David McCullough, and to the reader, for with rare storytelling ability McCullough brings us into the times they knew and their very uncommon lives.

The #1 New York Times bestseller by Pulitzer Prize-winning historian David McCullough rediscovers an important chapter in the American story that's "as resonant today as ever" (The Wall Street Journal)—the settling of the Northwest Territory by courageous pioneers who overcame incredible hardships to build a community based on ideals that would define our country. As part of the Treaty of Paris, in which Great Britain recognized the new United States of America, Britain ceded the land that comprised the immense Northwest Territory, a wilderness empire northwest of the Ohio River containing the future states of Ohio, Indiana, Illinois, Michigan, and Wisconsin. A Massachusetts minister named Manasseh Cutler was instrumental in opening this vast territory to veterans of the Revolutionary War and their families for settlement. Included in the Northwest Ordinance were three remarkable conditions: freedom of religion, free universal education, and most importantly, the prohibition of slavery. In 1788 the first band of pioneers set out from New England for the Northwest Territory under the leadership of Revolutionary War veteran General Rufus Putnam. They settled in what is now Marietta on the banks of the Ohio River. McCullough tells the story through five major characters: Cutler and Putnam; Cutler's son Ephraim; and two other men, one a carpenter turned architect, and the other a physician who became a prominent pioneer in American science. "With clarity and incisiveness, [McCullough] details the experience of a brave and broad-minded band of people who crossed raging rivers, chopped down forests, plowed miles of land, suffered incalculable hardships, and braved a lonely frontier to forge a new American ideal" (The Providence Journal). Drawn in great part from a rare and all-but-unknown collection of diaries and letters by the key figures, *The Pioneers* is a uniquely American story of people whose ambition and courage led them to remarkable accomplishments. "A tale of uplift" (The New York Times Book Review), this is a quintessentially American story, written with David McCullough's signature narrative energy.

An intemperate general. An unpopular war. A military and diplomatic team in disarray. Those are the challenges President Obama has faced as he attempts to make a success of U.S. involvement in Afghanistan. They are also the challenges President Truman surmounted in the winter of 1950 as he began managing a war in Korea that risked becoming bigger and more costly. It was the first significant armed conflict of the Cold War: U.S. troops under the command of General Douglas MacArthur came to the aid of the South Koreans after North Korea invaded. When Communist China entered the conflict on the side of the North Koreans, the crisis seemed on the verge of flaring into a world war. Truman was determined not to let that happen. MacArthur kept urging a widening of the war into China itself and ignoring his commander in chief. On April 11, 1951, after MacArthur had "shot his mouth off," as one diplomat put it, one too many times, Truman fired him. The story of their showdown—one of the most dramatic in U.S. history between a commander in chief and his top soldier in the field—is captured in all its detail by David McCullough in his Pulitzer Prize-winning biography *Truman*, and presented here in a ebook called *Truman Fires MacArthur* (ebook excerpt of *Truman*), which was the headline carried in many newspapers around the country the next day.
