When a zombie is taken prisoner by the Army, it need not be uselessly destroyed. In fact, just as our Army trains dogs for combat roles, it has a program to train the captured Undead for combat roles. No zombie that our Army can capture will go unutilized. This is our Army ' s " No Zombie Left Behind " policy. The manual in your hands is the Department of Defense ' s principal source of information on care, conditioning, training, and operations of our Army ' s Working Zombies – such as Blechl, the brave zombie who served in a capacity similar to that of his canine comrade Cairo in the raid that killed Bin Laden. From basics, such as " HEEL " and " STAY " to negotiating obstacle courses, to tracking, searching, attacking, and even zombies working undercover in the real world, this manual shows readers how our military trains zombies to be soldier zombies. Illustrations depict the dos and don ' ts of zombie care, training, and operations. Contents include: " Zombie-Veterinary Training Priorities " Principles of Conditioning and Behavior Modification " Patrol Zombie Training " Clear Signals Training Method " Deferred Final Response " Detector Zombie Training Validation " The Military Working Zombie Program (MWZ Program) " Facilities and Equipment " And more . . .

The shocking undead discovery of a military historian Zombies remain popular – from The Walking Dead to Ash vs. Evil Dead, they just won ' t go away A gifty, zombie collector ' s item Authentic military design with 150 illustrations Unearthed from a dusty Army archive, here are portions of two draft manuals instructing soldiers on how to confront . . . ZOMBIES! Now declassified, these files offer a guided tour of the U.S. Army ' s adaptable approach to the zombie menace: first through battle strategies and field tactics, and later through instruction on capturing and retraining zombies to use as military assets. Showcasing the seemingly outrageous illustrations from the original volumes, a military historian has selected points of interest, such as the use of zombie combatants during the Cold War, or changes in zombie behavior.

All aspects of the zombie lifestyle are surveyed in this satirical take on an orientation manual for the newly undead. From how one became a zombie in the first place and the stages of zombification to survival mechanisms, this handbook offers specific advice on everything a fresh zombie needs to know about "life" expectancy, hunting techniques, hitching a ride, hand-to-mouth combat, and feeding etiquette. Instructions for extracting the living from boarded up farmhouses and broken down vehicles are included along with dozens of helpful diagrams outlining attack strategies such as the Ghoul Reach, the Flanking Zak, the Bite Hold, and the Aerial Fall for securing human prey and their all-important flesh and brains.

An illustrated, comprehensive guide to surviving an attack by hordes of the predatory undead explains zombie physiology and behavior, the most effective weaponry and defense strategies, how to outfit one's home for a long siege, and how to survive in any territory or terrain. Original. 35,000 first printing.

Dark humor about those who have removed themselves from the gene pool. An original and irreverent compendium of accidental deaths caused by astonishing stupidity, embarrassing irony and/or really bad luck, in the tradition of The Darwin Awards.

With nuclear war looming on the horizon, this new book is a must have for every home. Should a nuclear strike or other calamity happen today, do you have a plan in place to protect your family? Where would you go? What would you eat? How would you survive? "The Survival Guide" is composed of excerpts from military survival experts.

ZOMBAT begins with the government ' s knowledge of world wide but isolated outbreaks of the undead, its classified U.S. military organization, response measures and combat assault unit created to contain them. It will then take you through a scenario for those unprepared when a global epidemic of zombies occurs. The following guidelines for preparing, planning, defense and refuge for an individual or group, will enable you to survive and fight a growing army of the walking dead and describe the social breakdown and chaos that will unfold in part 4 ' s " The Undead Rise " . The second half of ZOMBAT is the training manual for the seriously minded individual or team who want to learn the combat techniques and tactics for defense, assault and annihilation of the undead.

Reveals the never-before-told story of how Haitian zombies rebelled against their Nazi overlords. Original.
